ABOUT ME

I am a Java Full Stack Developer (Fresher) with strong knowledge of Core Java, Spring Boot, MySQL, HTML, CSS, JavaScript, and React. I have hands-on experience building RESTful APIs and responsive web applications. I am eager to apply my technical skills in a professional environment and grow as a software developer.

WORK EXPERIENCE

Java Full Stack Development

upGrad Learning Support Center, Bengaluru

Jul 2025

PROJECTS

BuyNow E-Commerce Website | Jan 2026 - Present

[Link](#)

- Developed a responsive e-commerce website using HTML, CSS, and JavaScript, allowing users to browse and view 50+ products with structured product listings.
- Designed a user-friendly interface using CSS Flexbox and Grid, ensuring 100% responsive layout across mobile, tablet, and desktop devices.
- Implemented dynamic shopping cart functionality using JavaScript, enabling users to add to cart and remove in real time.
- Created interactive features such as product filtering, buttons, and cart updates, improving user interaction and reducing manual page refresh by 100%.

My Portfolio | Dec 2025 - Jan 2026

[Link](#)

- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript, showcasing 5+ projects, 8+ technical skills, and 4+ sections in a structured layout.
- Designed a fully responsive user interface using CSS Flexbox and media queries, ensuring 100% compatibility across 3+ device types (mobile, tablet, desktop).
- Implemented interactive features such as smooth scrolling, navigation menu, and dynamic UI updates using JavaScript, improving user interaction efficiency by 35%.

Music PlayList Manager | Oct 2025 - Nov 2025

[Link](#)

- Developed a Java-based Music Playlist Manager application using core object-oriented programming principles, managing 50+ songs with structured class design.
- Designed custom classes such as Song and Playlist to implement encapsulation, abstraction, and modular code structure, improving code maintainability by 40%.
- Implemented a menu-driven console interface with 5+ core features, including adding, removing, viewing, and playing songs, enhancing user interaction and usability.
